

## Studio Etiquette

- Dress appropriately for class.
- Do not chew gum or bring food into the studio. Only clear liquids allowed.
- Do not wear ballet slippers out of doors. Always wear street shoes to and from the studio.
- Store your belongings in a cubby, including your cell phone, which should be silenced. Anything you need with you in the studio (water bottle, towel) should be stored on the floor near the back or side walls.
- If you arrive late, come in quietly and immediately take your place at the barre.
- Refrain from correcting other students.
- If you need to leave early, discuss this with the teacher before class.
- Pay attention when the teacher is correcting you or another student. We learn from our own and each other's mistakes.
- Keep talking to a minimum, and never talk when the teacher is talking.
- Don't hang or slouch on the barre.
- Never sit down unless instructed to do so.
- Never give up on a combination. Just keep moving, even if you are lost or confused.
- Don't visibly yawn or show boredom.
- Ask before you excuse yourself to go to the bathroom.
- Always say thank you to the instructor at the end of class.

### **CLASSROOM VIEWING ETIQUETTE (FOR PARENTS AND SIBLINGS)**

Due to COVID-19, parents and guardians are not allowed in the classroom. Please feel free to remain in the lobby during your child's class. You will be required to wear a mask in the building at all times.

As our public health situation changes, we will designate certain times each year for parents to come into the studio and observe their children at work.

**Thank you for your cooperation!**
